1. Remove the Movie Magic product CD from its sleeve and place it in the CD-ROM drive of your computer.

2. Double-click the CD icon on the desktop.

3. Double-click the Installer icon to start the installation.

InstallAnywhere will prepare and start to install the product.

**NOTE:** These same instructions apply to both Movie Magic Budgeting and Movie Magic Scheduling.
a. Read the system requirements and click Next.

b. Read and accept the License Agreement and click Next.

c. Confirm the install location and click Next.
d. Select where you would like an alias and click Next.

e. Review the summary and click Next.

f. Enter your computer system's administrator password and click Next.

**NOTE:** This password is NOT your Activation ID.
g. The program will install.

h. Review the Read Me file and click **Next**.

i. Click **Done**.
j. Select whether to launch the program,

4. If you choose No, you can access the program by clicking the **Movie Magic** product icon that was installed in your dock.

5. When you open the program, one of two **Welcome Screens** will appear, depending on which program you installed. Click on one of the four options at the bottom.
6. The licensing Activation Wizard window will appear. Click the **Activate License** button.

a. Enter your **Activation ID** found on the back of your product CD sleeve and click **Next**.

b. Complete the required personal information and click **Next**.
c. Complete the optional information and click **Finish**. Your license will now be activated in the licensing system.

![License Activation Wizard](image)

7. You are now fully licensed! Click the **Close** button and start using the program.

![Activating License](image)

8. If you didn’t choose the **Open** or **New** buttons in the Welcome Screen, go to **File > New Budget** or **New Schedule** or go to **File > Open File** to get started.
